Don't already have an account? Create Account Get students moving, thinking, and asking big questions with TCI's social studies and science curriculum resources and programs. Talk to a TCI Expert Today TCI curriculum resources and programs support the needs of students and educators with an easy-to-implement, interactive curriculum that is comprehensive and promotes blended learning methods. With TCI, school districts get everything they need to support teachers in delivering immersive learning experiences. Hands-on and blended learning lessons are at the heart of every TCI lesson. We provide the materials, structure, and pedagogy that bring teachable moments to life. TCI's lessons are built to adapt to the demands of the classroom. We support different learning needs and teaching styles within your current framework. Teachers continue to use TCI because it works. Our curriculum is standards-aligned and research-based, and it inspires a lifelong love of learning. As learning moves from the school building to the digital sphere, teachers are adapting and finding new ways to inspire students. The flexibility of TCI and its virtual underpinnings help teachers engage their students in the learning process, wherever it takes place. Learn More About TCI's Digital Learning Resources Our students are more excited and engaged in science since we adopted TCI. Teachers appreciate that TCI incorporates the Next Generation Science Standards into their lessons and has options for science instruction, especially during distance learning. My fourth-grade students are excited and engaged in the hands-on dynamic lessons that bring the history of each U.S. region alive! Former students remember the creative opportunities to act out important historical events and gain perspective beyond reading a book or watching a video allows. TCI affords students the opportunity to inquire, role play, debate, question, and craft their own learning in a meaningful way. TCI works great with ELD students. TCI curriculum is thematic which allows students from any walk of life and language level to make connections to past and present history as well as their own. Also, the straightforward but insightful way in which its written and the vocabulary support it provides, allows multi-level readers to connect the story. Previous Next With TCI, teachers have access to the materials and resources they need to be successful. With less time spent mapping activities, gathering or creating materials, and developing assessments, teachers have time to do what they do best — teach. Our K-8 science curriculum is designed for NGSS, integrating the three dimensions in student learning. Our K-12 social studies curriculum provides educators in all 50 states the resources to confidently teach history and social studies concepts centering on essential questions with customizable assessments. Three-dimensional NGSS instruction State-specific standards alignment Embedded literacy in science and social studies Accessible, differentiated instructional materials We take care of the standards so teachers can focus on instruction. Every classroom, every teacher, and every student is different. The curriculum adapts to the ever-changing needs of students and classrooms by supporting different teaching styles, types of learners, and educational environments. Teachers can easily condense lesson elements to meet time constraints while still ensuring student mastery of knowledge and skills. Teachers can cover subject-matter standards and literacy with embedded instructional objectives that work cohesively. Teachers and students gain flexibility with digital and blended learning materials that promote distance learning initiatives. Students are more successful when they are actively engaged in learning. TCI's curriculum puts this philosophy at the core of every lesson, centering on a big idea that engages students in fun, inquiry-based learning experiences. The TCI curriculum offers: Artifacts that stimulate sensory exploration Activities that immerse students in subject matter Experiences that students will retain throughout their education Bringing Learning Alive! in Schools Across the Country TCI works closely with a multitude of education companies to ensure seamless integration across your district. From automatically provisioning and rostering accounts with Clever to adding Google Single Sign-On, our digital platform connects easily with the systems you already use. Tomorrow's world is being built today by educators and their students. TCI curriculum resources and programs provides teachers the resources they need to support student success in science and social studies. We help to create a more engaging, immersive learning experience for every student! Talk to a TCI Expert Today
